Public Notice is hereby given that the Municipality of Bow Valley, No. 219, will pay one cent per poll for all taxpayers destroyed within its boundaries before June 1st next.

Tails to be delivered to the council or to the secretary treasurer. By order of the council.
W. G. WATY,
Secretary-Treasurer
Strathmore, April 6, 1923.

Coming Events

If you tired of your own cooking, come on Saturday, May 19th, at the Ladies' Auxiliary Banquet. The Ladies' Auxiliary Banquet. A few ladies' apone, also children's dresses to be sold cheap along with the party sale.

Don't forget next U.F.A. Meeting in I.O.O.F. Hall, Saturday, May 19.

Strathmore U.F.W.A. will meet at the home of Mrs. W. E. Eiden on May 22nd, at 8:30 p.m. All ladies not members are very welcome.

SPECIAL RATE ON COAL
— 0 —

Mr. Henry Thornton, head of the Canadian National Railway has announced a special freight rate of \$5.00 on Alberta coal to Toronto, instead of the present rate of \$12.50, during the summer months. Operators in the province state that this is not sufficiently low enough to put Alberta coal on the Ontario market in competition with the American product. A rate of \$6.00 has been asked.

Fatal Poisoning Accident at Cheadle

Child Dies of Carbolic Poisoning

A fatal tragedy occurred at the Cheadle Farm, six miles south of Cheadle, on Sunday, when Ruth Evelyn, a baby girl of two years, daughter of Mr. and Mrs. E. I. Adams, died as the result of carbolic acid poisoning.

The carbolic acid was found by the girl in the barn, where it had been used for a disinfectant in connection with some work being carried on in connection with the animals, and the little girl got hold of it, and besides getting some in her mouth, spilled it over her body.

Dr. Givins was summoned immediately over the place, and after giving instructions as to antidotes, left immediately for the farm, but poisoning by carbolic acid is almost always fatal, and the child died in a short time, despite everything being done that was possible.

Much sympathy is being expressed with the parents in their bereavement. The deceased is the youngest of a family of two children, the elder being a girl of four years of age.

The funeral took place from the home to Strathmore Cemetery on Tuesday, the service being conducted by Rev. A. H. Rowe, while the arrangements were in the hands of Mr. C. W. Chase.

TAX RATE STRUCK

At a meeting of Strathmore Town Council, the mill rate for 1923 was struck as follows:
General, 65 mills; Current sidewalks (local improvements) 60c; R. Town School, 72 mills; Special Debutone, 8 mills; Rural School, 8 mills. Debutone of wooden sidewalks and firewalls are now paid off, so there will be a considerable reduction on those improvements, and the rate generally is lower than last year.

GIRL LEADS IN GOPHER COMPETITION

A young member of the fair sex, Maylene Keate, of Bruce Lake School District, leads at present for individual gopher catch in the competition being conducted by M. D. Keoma between schools in the Municipality. Her score up till the time of last report was 264 gophers. Following are some of the returns by schools:
Level Lands 2226
Public Schools 1768
Veria Vale 1522
Bruce Lake 1278
Nightingale 790
Greenfields 325

BIG CROP RETURNS

BY LOCAL FARMER

Mr. W. E. Julian, farming 12 miles east of Strathmore, has just recently completed the tabulation of yields on some plots on his farm. Those results are as follows:
Tribi Barley, 45 acres, yielded 87 bushels, or 86.4 bushels per acre; Vicia Barley, 45 acres, yielded 102 bushels, or 112.25 bushels per acre; Wheeler's Supreme Wheat on 32.25 acres yielded 166 bushels, or 48.1 bushels per acre; Wheeler's Marquis wheat, 50.0 on 622 acres, yielded 29 bushels, or 46.55 bushels per acre; Kitchener Wheat, 552 acres, yielded 41 bushels, or 42.1 bushels per acre; Marquis Wheat, on 5 acres, yielded 23 bushels, or 36.66 bushels per acre. The total 12 acres yielded 866 bushels. Three-fourths of the land was sub-irrigated.

C.P.R. Will Rewrite Contracts for Farmers

Spreading Payments Over 24 Years, Important Announcement by President Beatty.

An announcement of great importance to farmers throughout the C.P.R. Irrigation Block, and at other points where the Company have land holdings was made by President E. W. Beatty on Friday at Montreal.

Under the new scheme any farmer who desires can have his contract rewritten, and the payments spread over a thirty-four year period. The assurance is also given that no annual payment will be in excess of seven per cent. of the cost of the farm. During the last few months there have been petitions sent to the company from various bodies of settlers asking for amelioration of the conditions of their contracts, on account of the two last years of depression in prices and short crops in some sections.

A farmer need not take advantage of this arrangement unless he so desires, but as it is understood that more than fifteen per cent of those in this district have completed their payments, their consents being made on the twenty-year basis, it is likely that the others will take advantage of the terms offered.

There is no doubt that the announcement will give renewed hope to many who have feared that they would not be able to comply with their contracts, under the conditions which have obtained for the past two or three years, but who are sure that given the time they can make a success of their holdings, clear themselves of debt, and maintain good farms and comfortable homes.

Following is the full text of the announcement:
An announcement of far-reaching and national importance which will do much to remove the present depression in agricultural circles, the word is contained in a statement of the Canadian Pacific Railway's new land colonizing policy made by president E. W. Beatty yesterday.

The Canadian Pacific Railway is at all times acutely apprised of the needs of the nation, and it is in itself one of the largest land owners in the west because as a national organization it is vitally interested in preserving prosperity throughout the Dominion and because it knows from past experience that its acre have constituted preconditions. It unfortunately knows that in the western provinces increasing farm costs, together with low prices obtainable for farm products, have seriously affected those farmers not definitely and firmly established in the operations.

The present position is due to several causes. During the war the high prices realized for farm produce and bountiful crops obtained in 1915-16 forced expenditures by the farmers for extra equipment, automobiles, houses of all kinds and increased land holdings, which, since the depression in the value of farm products, have resulted in a similar decrease in wages or cost of living together with crop failures in some districts, has resulted in the increasing burden of debt and in the case of some 20,000 farmers holding land under contract for purchase from the company—through no fault of their own—they find themselves behind in their payments and a certain amount of discouragement and depression has resulted which, if unchecked, will result in a spirit of pessimism with its many attendant evils.

Planners in Favorable Terms

The Canadian Pacific railway has always been the pioneer in providing favorable terms for the colonization of its lands in the west, particularly in connection with the term under which the land has been sold to the

occupation of judiciously made farms, the advance of livestock to settlers, loans made to them and the aid granted through its agricultural and development departments. It is clear that the new plan will do much to re-establish confidence in the west, retain settlers who are now prospecting to leave and stimulate immensely the immigration of desirable agricultural colonists.

Briefly, the plan is to take the indebtedness of the farmers who have contracts with the company rewrite their contracts and spread the present indebtedness over a period of 34 years on an amortization plan. The settler will pay the same amount annually for 24 yrs. and upon completion of the 34th year the balance of the debt will be paid in full. The plan will absorb the full indebtedness in easy payments, allowing him sufficient time to accumulate funds to provide both the comforts and enjoyments of life for his family.

Attracts More Settlers

The time of western Canada as a whole, is dependent upon greater population. If farmers were even fairly satisfied with their conditions, it would greatly facilitate the securing of more and desirable settlers. There is at present a considerable exodus from the west, which is practically nullifying the efforts of the Canadian Pacific railway and the government to encourage new people to come in. The loss of people to the country is a loss to Canadian business in general, affecting manufacturing, commerce, transportation, etc.

To get desirable immigrants we must have fairly well satisfied farmers. Under the Canadian Pacific plan farmers will now be able to succeed upon their holdings and the government and the railroad be in a position to encourage the coming of settlers in the west, on unoccupied or unoccupied farm lands, by Great Britain the United States and other countries from which desirable immigrants are ready to flow, a marked stimulus to land settlement, without doubt, result from the introduction of the new policy outlined.

Dunning Favors the New C.P.R. Plan
President Dunning took with approval last night of the plan outlined by President Beatty, declaring that such a system of long term payments will ameliorate the condition of farmers purchasing land under contracts. "As a matter of fact," said the premier, "the plan outlined by Mr. Beatty is the replica of the system adopted by the Saskatchewan farm loan board, the only difference being that the farm loan board gives a period of three years for repayment of loans instead of thirty-four years provided for in the C.P.R. scheme."

"I am glad to note," Mr. Dunning said, "that the government plan for purchase contracts for repayment of loans is becoming more generally adopted. This system of making payments or repayments makes it very much easier for the farmer under contract."

WOMEN'S INSTITUTE CONVENTION

The eighth annual convention of the Women's Institute will be held at Strathmore on Tuesday morning, May 22nd, in connection with the University of Alberta, Edmonton.

GIRLS' CLUB CONVENTION

The Convention of the Women's Institute Girls' Clubs will precede the W. I. Convention, opening on Tuesday morning at Convention Hall, University of Alberta, Edmonton, May 25th.

Good Crop Weather

Weather conditions continue favorable for the crop throughout the district. There have been several showers during the past week, the precipitation being heavier in the west than at other points, but there was some rain at all points. Wheat seeding is now complete, and the grain in most cases is up and showing a good even stand.

Seeding other crops is well forward and within the next ten days will be practically complete.

An increased acreage is being sown to alfalfa crops, and numerous farmers are again sowing clover. In an experimental way. A considerable acreage is being put into sunflowers. The C.P.R. Demonstration Farm will this year have thirty acres in sunflowers.

A good supply of moisture from now on throughout the growing season will ensure a good crop.

TELEPHONE STATISTICS

There are nearly 4,000,000 miles of long distance circuit mileage in the province of Alberta, according to an annual report of the Telephone Department of the government, now in print. There are 363 places in the province having government phone connections, and there are 217 places outside the province with which the Alberta system connects. Of these, 72 are in the States, 22 in British Columbia, and 106 in Saskatchewan. There is a total of 26,321 exchange subscribers' lines, and 20,617 rural subscribers' lines in the province.

Two Insanity Cases Committed

Two men suspected of insanity were brought into Strathmore on Monday for examination by Justices Lynden and Vickery.

The first case heard was that of William Van Dam. Evidence was given by several neighbors that he had been around with a loaded shot gun and saying that someone was chasing him. He is of light complexion, and said they were trying to "gaze" him. Evidence was given by Dr. J. W. Giffen that he had examined Van Dam and found him suffering from delusional insanity, and that it was dangerous for him to be at large. An order was given for his commitment to Calgary, to await the decision of the Attorney-General as to his commitment to an asylum.

The other case was that of Alfred Christensen, living about ten miles south of Strathmore. Evidence was given by neighbors that he was strange in his actions. Dr. Giffen gave evidence as to examining Christensen, and stated that as he would not answer many questions put to him by the doctor, he is of light complexion, and said they were trying to "gaze" him. Evidence was given by Dr. J. W. Giffen that he had examined Van Dam and found him suffering from delusional insanity, and that it was dangerous for him to be at large. An order was given for his commitment to Calgary, to await the decision of the Attorney-General as to his commitment to an asylum.

Evidence was given by Dr. J. W. Giffen that he had examined Van Dam and found him suffering from delusional insanity, and that it was dangerous for him to be at large. An order was given for his commitment to Calgary, to await the decision of the Attorney-General as to his commitment to an asylum.

CARLELAND

A grand Picnic and Sports Day is to be held at the Bow River, south of Carlsland, by Carlsland P. B. Club, on May 24th. A fine programme of games has been arranged, with a dance in the evening.

Dutch Immigrants Arrive in Strathmore

On Saturday a party of sixteen young natives of Holland arrived in Strathmore, having come direct from their home-land to this point. They were accompanied here by Mr. W. Van Tol, manager of the Department of Colonization Development for the C.P.R. in Holland and by Mr. Ole Kirkwood, of the Calgary branch of the C.P.R. Colonization Department.

Three of them brought their families with them, but most of the others are single men. They registered at the Elbow Hotel, but by now have mostly found homes in the district. There are already a large number of Dutch settlers throughout the Strathmore district, most of whom have succeeded well, so the new arrivals will find themselves among friends.

All Have Resources

Although not wealthy, all of the members of the group that arrived Saturday, have some resources and several of the men are graduates of agricultural schools in Holland. They feel that the future of Canada has much more to offer them than has Holland, and they are very much pleased with what they have seen of the west.

The majority of the men are able to speak English to a certain extent, while some speak fluently, learning the language in their own country. Conversation with several of the boys was carried on with no difficulty, but the arrivals seemed much more determined to obtain information about the country than to give it.

The names of those comprising the party are as follows:
C. T. Hoagwood, Wessmore, T. Bannock, P. W. Giffen, W. L. Ross, V. Nieuweberg, Jansson, P. C. Benge, A. Becker, W. de Vries, Alfred Carls, Willem Gants, G. Doolman, G. Meffert, P. C. Neumann, P. P. Smeek, P. Plandin.

Namaka News

A pleasant evening was spent by the Namaka boys on Saturday last. We regret that some small attendance of our local dance was present, but feel they enjoyed a real good time.

A mysterious fire broke out on Mr. Ross, Namaka's land adjoining Namaka lake on Friday evening last, when a large straw stack fire and was a total. There had not been anyone from his own farm since it for over two weeks.

The U.F.W.A. will meet at the home of Mrs. Lowdown on Saturday next.

Mr. and Mrs. Alex Young and family were guests of Mr. and Mrs. J. W. McIntosh on Sunday last.

Mr. Paul Muller spent Sunday at the home of Mr. and Mrs. W. J. McKinnon.

Mr. F. Taylor, of Strathmore, spent Sunday at the home of Mr. and Mrs. E. C. Watts.

CHEADEL NOTES

Mr. J. W. Orr, a brother-in-law of Grant Craig's and Mrs. Stone, was in town for a couple of days.

Mr. and Mrs. W. Cluff, of Exshaw, were Sunday visitors at Grant Craig's.

Mrs. Bickel, of Calgary, is spending a couple of months with her son here.

Miss Merle Edwards spent the week end at home from Shepard.

Mr. Bickel, Sr. spent Sunday here with the folks.

Mrs. Ray Miller is home again after a couple of weeks in Calgary.

Why You Should Use a Mild Soap

Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly. In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is gentle in its action. It soothes while it cleanses.

Artful application of rouge and powder may tend your skin the appearance of smooth freshness, but when this is washed off, what a cruel revelation!

You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell! revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt.

Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose.

You can buy Palmolive Soap at all first-class dealers.

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap

Baintree Notes

Owing to the small attendance the U.F.A. meeting on May 5th was called off. What has come over the organization that used to furnish so many pleasant evenings? Last winter was denser than a door mat, and many people who used to take a keen interest in the affairs of the local have stopped coming. Roll up in your little old Ford on the first Saturday in June, and don't let them say "Those days is gone forever."

We understand that manager Blake has turned out Fenton Smith to the Rockford Team for another season, and no doubt Smith will be just as popular as ever with the Rockford fans.

Mrs. John Klayton was a visitor to Calgary on Monday.

The weather of last week was ideal for growing grain, and the early fields of wheat are showing green. With an abundance of moisture in the ground the grain is standing well, and has a sturdy appearance that makes us think of 1915 and 1916.

Miss Francis Wyman is teaching at the Laydon school house.

Two sisters of Mr. V. C. Chapman arrived from Colorado on Monday for an extended visit to Alberta.

Grasshoppers are now making their appearance in small numbers, but if the immediate vicinity of Baintree there will be no outbreak such as we have had last year as eggs can be found only in limited quantities.

Miss Christie McMillan, while on the way to meet her father at the station last Sunday met with a great misadventure. Old Hobbin took freight at something on the road and promptly jumped into a ditch. No, Christie was not the girl for the old horse just broke off the shafts, and left her and the rest of the family seated in comfort in the street. Mrs. Mac says that those accidents with haggies are coming too fast, and if the chicken crop keeps coming right, she is going to invest in a Ford hag, painted red if you please.

Congratulations to Mr. and Mrs. Bignold on the birth of a baby boy. The U.F.W.A. met on Thursday at the home of Mrs. A. Van Camp. There was no business to transact and the afternoon was spent in sewing. Every one enjoyed the dairy lunch served by the hostess. The next meeting will be held on May 31st, at the residence of Mr. Fenton Smith, and as the busy season will be over by that time it is expected that a large number of the members will be present.

It is often said that woman have no heads for business, but in our humble opinion, the ladies can show their husbands a good many things, especially about running a social organization.

HERVEY NOTES

Mr. and Mrs. H. S. B. Chamberlain attended the funeral of Mr. Charles Parish, at Drumheller, who was killed at that place on May 2nd. They report a large attendance.

Sanflower and corn planting in the district is now in full swing. About double the acreage of last year's crop is being planted, which is self evident that the alliance has come to stay on as most every farm and dairy ranch.

What is now looking fine, with prospects of another 1918 crop, as the weather and soil conditions are the best they have been for several years in this time of the year. The farmers seem quite cheerful, especially since the C.P.R. have made the announcement that they will meet the farmer about half way on their contract and give them fair treatment.

The government dairy inspector was calling through this district during the past week inspecting the dairy farms, and it is understood that the phone was busy. Mr. E. calling Mr. Shoen to tell him to get on his white milk pants, and brush out the cowhubs from the barn, etc. by telephone.

Mr. John Kent and Julius Schaefer are each seeking quite a large acreage to sweet clover this year. Recently repaid. Following the first one week ago, some changes are to be made in the power equipment, and we understand that the large engine which will be removed to the site of the building destroyed by fire.

Mrs. J. Harshe underwent an operation for peritonitis at Calgary Saturday. We are pleased to hear that she is making a good recovery.

Mr. and Mrs. Clifford Way are residing in the birth of a daughter on May 10th.

Mr. R. B. Webb, of Tacoma, Wash. is spending several days in Strathmore. At the evening session of the R. Smith says "Mother Machine" in a very pleasing manner.

Local Notings

OF LOCAL INTEREST.
Readers are requested to send in items for this column not later than 12 o'clock Monday morning preceding day of publication. Local news items are welcomed by the Standard. Phone 17 or 08.

Strathmore C.W.A. held their regular meeting in the Memorial Hall on Tuesday evening last, the business session being followed by a social gathering. The boys propose putting on a concert at an early date, while at next meeting it is expected that S. G. Peley, Secretary of the Calgary branch, and several other Calgary comrades will be present.

The two disabled soldiers, Messrs Hiltz and McQuillan, reached Medicine Hat last week, so that they are now well on their way to Ottawa. T. Bennet, who accompanied them there, has left to enter a walking competition in the United States.

Clifford White, one of the boys from the Old Country, who visited Strathmore last week, had to remain here till Monday evening, owing to having contracted the flu. He has recovered completely, and is now at Claveling Agricultural School. The four boys who adjudged prize winners in a competition conducted by the London Daily Mail through the medium of the Young Farmers' Club, and were given the opportunity of studying Canadian Agriculture by Mr. E. W. Beatty, the C.P.R. president.

A son was born to Mr. and Mrs. Ben Davis, at the Hinchliff Nursing Home on Sunday last.

The road improvements being conducted on Second Street, Strathmore, are going along well, five men and a horse are busily engaged since the beginning of last week.

"It is understood that an inter-league tennis club has been formed between Strathmore, Gleichen, Ingleton, and Brooks," says the "Brooks Bulletin."

Last Friday saw the departure of a family of four oldsters, Mr. and Mrs. B. A. Anderson, for Eastern Canada. Mr. and Mrs. Anderson came to Strathmore in 1909 from Manitoba, and their family grew to maturity in Strathmore, two daughters and one son having married here. We regret their departure, and wish them many more years of prosperity and happiness.

Mr. E. Dobson left last Tuesday for Wadena, Ontario. Mrs. Dobson and family will remain here for a few weeks yet.

Mr. J. M. Jackson, Calgary, an old friend of the Dominion Department of Agriculture, was in the district last week, inspecting a number of the dairy herds and barns throughout the district, to see that they conformed with the requirements of the dairy regulations.

"Wallace Reid" appears in "The Dictator" at the Memorial Hall on Saturday of this week.

Two men of this district, who have been suspected of insanity, were brought in for examination at the request of their neighbors on Monday. The reports have been forwarded to Edmonton for inspection of the Attorney-General.

Mr. L. D. Nesbitt, Editor of the "Herald," was a visitor to Strathmore over the weekend, as the guest of Mr. and Mrs. J. Mackenzie. Mr. Nesbitt, besides editing the "Mail" owns a farm at Brooks, and while in Strathmore looked over some of the pure-bred Holsteins at the "Twins" farm.

Mr. W. S. Giffey, Secretary of the Moderation League, paid Strathmore a visit on Sunday. He states that the League intends to conduct a strong campaign between now and November, and it is intended to form local branches in all over the province, in which the support of volunteer workers is asked for.

Several members of the Calgary Herald editorial staff also visited Strathmore on Saturday. They were very much impressed by the excellent condition of the farm lands from here to Calgary.

Mr. Jeff Fowler's wife and daughter arrived from Holland on Friday along with a large party from the same place.

Mr. and Mrs. T. Crawford returned on Sunday from a visit to Medicine Hat.

Mr. McVilly, of B.C., is visiting with Mr. and Mrs. G. H. Patrick.

Large congregations attended at the Union Church on Sunday, when special services were rendered for Mother's Day. At the evening session of the R. Smith says "Mother Machine" in a very pleasing manner.

We hear a rumor now and then that one of the young men of our village took unto himself a wife some few weeks ago. In fact the latest circulating rumor was heard in Carlton last Friday evening when the writer visited that place. Quite a percentage of the rest of us have done little excepting at least once in our lives, so we wonder why this young man should be so quiet about the matter. We are certainly not promising anything but it will be a wonder if there will not be an hour or two that will not be so quiet when he eventually brings

his bride home from Calgary. We have mentioned in our last paper or two, the fact that nursery stock in the way of trees and shrubs were arriving in large quantities to be taken out and planted through the vicinity of Rockyford, as well as the village. Last week trees were planted along both sides of first and second avenues, and along main street from the corner of second avenue and main street north for some distance along the school ground. A lot of other trees were also planted in the village and on top of all this \$5000 estimate of Russian Poplar, Laurel Leaf Willow, and Cottonwoods arrived and were distributed as follows: Glennan School District, 2000; Village of Rockyford, 1000; Roman Catholic Church, 2000; T. A. Weiss, 1000; Fred Siltan, 2000; Fred H. Hunter, 500. It will not be too long before Rockyford will be the envy of other villages in a forest of trees.

M. D. Grasswold Meet

The regular meeting of the council of the Municipal District of Grasswold was held on May 14th at Rockyford all members being present. Minutes of previous meeting were approved as read.

Letter from Mrs. L. M. Lengel was read claiming rebate of penalty on taxes owing to the fact that notice were due Mrs. Lengel for land as appropriated for road purpose, it was then moved and carried that penalty to the amount of \$5.45 be waived.

Moved and carried that wild land taxes to the amount of \$46.30 be refunded on the N.W. 25-25-21-4th.

Moved and carried that the council hereby agree to lease the front portion 16 by 26 feet of R. L. Stone's hall for Municipal Office for the term of two years at a monthly rental of \$25 providing Mr. Stone will partition of two small rooms, and place one large window in the northeast corner, the Receiver and Secretary are hereby authorized to sign a lease in the above terms.

After considerable discussion it was on motion decided that the Municipal District of Grasswold would not interfere otherwise handle any material for Grasswold land, that farmers requiring bait will be obliged to look after same individually.

The following resolution was an motion passed:

WHEREAS the estimated expenditure for the year 1923, as shown on the report of the M. D. of Grasswold is \$12,000.00 and the assessment levied on the land is \$12,000.00, it is resolved that the Municipal District of Grasswold be authorized to levy a rate of 2 mills on the dollar on all lands as shown on the last revised assessment roll for the purpose of meeting said estimated expenditure.

It was on motion resolved that E. W. Paul be and is hereby appointed road inspector, in and for the Municipal District of Grasswold, No. 218, and it was further resolved that Mr. Paul be not required to do any field work or do any driving in the country in connection with weeds if any such work will be required the said E. W. Paul be hereby authorized to appoint an assistant weed inspector who shall have full authority under the weed act to carry out any part of the Weed Act that may become necessary from time to time.

Moved and carried that the Registrar for the Rocked Heights, No. 3778 for \$120.00 be allowed and the secretary is hereby instructed to levy taxes in cover same.

Moved and carried that the Secretary apply for brand to be used in connection with the Municipal pound. Councilors Brunner, Barr, and Smith were on motion appointed a committee to investigate bridge and road in connection with suggestion of Mr. Nolan and report at next meeting.

Councillors Brunner, Kelly, and Larson were on motion appointed as a committee to investigate and ascertain what the road would be to put road in possible condition.

The following correspondence were read: J. B. McGuire relating to Domestic Animals Act; Department of Municipal Affairs relating to Domestic Animals Act; Provincial Board of

Coucil Meeting

At the village council meeting held on May 7th, the following items were dealt with. Mr. Thomas Eliot was sworn in as councillor to fill the vacancy created by the resignation of P. T. Freese.

Since quite a lot of work and some expense has been entailed in cleaning up the village for the prevention of fire and the outbreak of disease, signs are to be put up asking people not to feed horses on vacant lots, alleys or streets within the village limits.

A Speed bylaw for the village is being drafted, fixing the speed limit within the village at ten miles per hour. There being so many children now, the council thought it wise to put this law into force before an accident happened that might cause the injury or even death of one of these little ones.

A delegation composed of Miss Emily Pust and Frank Ryan, Jr. waited on the council at this meeting with regard to the construction of a village road and skating rink. The delegation represented the Trail Rangers and C.O.I.T. organizations.

The cost of cleaning up was gone into by the council and it was decided to pay one dollar per head for hauling garbage to the nuisance ground to date. All householders will be obliged to secure garbage cans for all dry garbage such as empty cans, ashes, etc., and the cans are to be emptied and garbage hauled away at this expense at the village. Those who refuse or neglect to provide suitable covered cans will be obliged to keep their premises clean and haul their garbage at their own expense, and will have to be removed at least once a week.

Tenders are being called for the hauling of the garbage.

The dog tax below is being amended so that the dog tax within the village will now be \$2.50 and \$2.00 instead of \$3.00 and \$2.00.

Mr. C. M. Griffith, who has been acting as village constable and health officer, as well as operating the pumping station for the village, was relieved of the later and retained as constable and health officer. Tenders were called for the operating of the pumping station, and two bids were received. That of Mr. P. Linenfold was accepted, so that in the future Mr. Linenfold will handle your water troubles.

Next regular meeting will be on Monday evening, the 21st inst. Court of Revision will sit at this meeting.

Health, relating to sanitary inspection at Hollandas.

The following bills were on motion allowed and collected and paid: J. A. Crough, pound expenses \$84.00; Archie Gow, rent for barn \$10.00; C. R. McElhin, \$14.00; E. W. Jensen, \$15; Hans Jensen, \$20; E. W. Jensen, \$6; J. B. McGuire, \$25.

VILLAGE OF ROCKYFORD

NOTICE

Notice is hereby given that a list of lands against which proceedings have been begun under the Tax Revision Act, 1922, appearing in the Alberta Gazette, published on the 14th day of April, 1923, and unless the amount of arrears of taxes and costs are paid on or before the 12th day of October, 1923, a certificate of title will issue to the Municipality in respect thereof.

A copy of the said list may be seen in the office of the Treasurer during office hours.

Dated at Rockyford, Alberta, this 14th day of May, 1923.

Don't forget the big Ball Games with Calgary Hustlers on the 24, and the dance to follow.

Of the great Canadian Parks, Jasper National Park, which has an area of 1,400 square miles, is without a peer. Jasper Park Lodge, rustic in all its appointments, yet with every modern convenience for the comfort of tourists, has been established by Canadian National Railways in this part of the Canadian Rockies, to house travelers who respond to the compelling lure of the Canadian people. Motor roads and trails for saddle or pack horses, reach out in every direction, making accessible this mountain fastness, where birds and animal life is unimpaired and everything is in nature planned for, and which until a few years ago had known no other sound than the soft voices of nature. Housenback riding throughout this vast amphitheatre of mountains, is the most popular pastime, while hiking, boating and canoeing, as well as deerling, tennis, golf and other summer sports occupy every minute of the day if so desired. Jasper National Park belongs to the Canadian people. To enjoy anything is to know it. Before travelling to foreign parts, Canadians should get acquainted with this supreme scenic area of their own country.
